

Cornerstone Recovery Coaching
Credentialing information 2013

Why let us provide your court required services?

Our Evaluations & Assessments for Substance Abuse are provided by Counselors credentialed through DASA-(Division of Alcohol and Substance Abuse) and are also ASI certified. (Addiction Severity Index) both highly acclaimed U.S. credentialing agencies.

Our Anger Management curriculum is provided by the US Department of Health and Human Services and our Counselors are certified through Anderson and Anderson, one of the top 5 providers of anger management services recognized by the Criminal Justice Department.

We do not take a lack of credentialing lightly. It is imperative that anyone requiring a court purposes evaluation or assessment as well as Anger Management services should request credentialing information from the organization providing these services.

Be warned: Your driver's license can be revoked should your evaluator or facilitator be found with less than acceptable credentials.
